Application No. 09/720,411

ORDER RETURNING UNDOCKETED APPEAL TO EXAMINER

This application was electronically received at the Board of Patent Appeals and Interferences on December 28, 2005. A review of the application has revealed that the application is not ready for docketing as an appeal. Accordingly, the application is herewith being returned to the examiner. The matters requiring attention prior to docketing are identified below.

A review of the file indicates that the appeal brief filed June 28, 2005 has used the format set forth in 37 CFR § 1.192(c). However, 37 CFR § 1.192 was abolished on September 13, 2004, and

replaced by 37 CFR § 41.37(c). Accordingly, the appeal brief filed on June 28, 2005 does not comply with 37 CFR § 41.37(c).

37 CFR § 41.37(c) states:

(c)(1) The brief shall contain the following items under appropriate headings and in the order indicated in paragraphs (c)(1)(I) through (c)(1)(x) of this section, except that a brief filed by an appellant who is not represented by a registered practitioner need only substantially comply with paragraphs (c)(1)(I) through (c)(1)(iv) and (c)(1)(vii) through (c)(1)(x) of this section:

(v) *Summary of claimed subject matter.* A concise explanation of the subject matter defined in each of the independent claims involved in the appeal, which shall refer to the specification by page and line number, and to the drawing, if any, by reference characters. For each independent claim involved in the appeal and for each dependent claim argued separately under the provisions of paragraph (c)(1)(vii) of this section, every means plus function and step plus function as permitted by 35 U.S.C. 112, sixth paragraph, must be identified and the structure, material, or acts described in the specification as corresponding to each claimed function must be set forth with reference to the specification by page and line number, and to the drawing, if any, by reference characters.

(vi) *Grounds of rejection to be reviewed on appeal.* A concise statement of each ground of rejection presented for review.

(x) *Related proceedings appendix.* An appendix containing copies of decisions rendered by a court or the Board in any proceeding identified pursuant to paragraph (c)(1)(ii) of this section.

Application No. 09/720,411

A review of the application indicates that the following appropriate sections are missing from the appeal brief filed June 28, 2005:

- 1) "Summary of claimed subject matter" as set forth in 37 CFR § 41.37(c)(1)(v);
- 2) "Grounds of rejection to be reviewed on appeal" as set forth in 37 CFR § 41.37(c)(1)(vi);
- 3) "Related proceedings appendix" as set forth in 37 CFR § 41.37(c)(1)(x).

A substitute appeal brief that is in compliance with 37 CFR § 41.37 is required. For more information on the Board's new rules see the web page entitled More Information on the Rules of Practice Before the BPAI, Final Rule at:

<http://www.uspto.gov/web/offices/dcom/bpai/fr2004/moreinfo.html>.

Additionally, the Information Disclosure Statement dated December 21, 2000 needs to be considered by the Primary Examiner with respect to compliance with the criteria set forth in 37 CFR §§ 1.97 and 1.98. A written communication notifying appellants of the Primary Examiner's decision is required.

Application No. 09/720,411

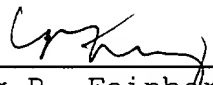

Accordingly, it is

ORDERED that this application be returned to the examiner to: 1) hold the appeal brief of June 28, 2005 defective; 2) request appellants to file a substitute appeal brief in compliance with 37 CFR § 41.37, and if necessary, submit a revised Examiner's Answer in response to the substitute appeal brief; 3) consider the Information Disclosure Statement filed December 21, 2000; 4) written communication to appellants of such consideration; and 5) for such further action as may be appropriate.

It is important that the Board of Patent Appeals and Interferences be informed promptly of any action affecting the status of this appeal (i.e., abandonment, issue, reopening prosecution).
